

Wine Notes

Campos Family Vineyards has been creating exceptional wines that capture the best characteristics of Contra Costa County for more than ten years. Our vineyard's premiere location by the California Delta produces rustic, earthy, and leathery styles of red wine. We prioritize quality and attention to detail - and our wines reflect that.

Like a family, a vineyard is at its best when firmly rooted, well-tended, and blended with love. With all of the charm of Napa tucked away close to home, Campos Family Vineyards is a hidden gem. Enjoy the splendor of our unique destination with 44 acres of striking landscape and glorious sunsets.

We believe in the power of wine to bring families and communities together to create lifelong memories. We're honored to be part of your story.

ABOUT THE WINE

Forget Me Not certainly lives up to its name: it's a wine that's guaranteed to leave a lasting impression. This red blend is predominately Mourvedre, a tannic, robust varietal from Spain that isn't as common as we think it should be. The flavor profile is complex, opening beautifully with notes of tart cherry, plum, and earthiness, exploding with dark fruit, and finishing nicely with a bit of pepper. You'll love this one if you typically reach for cabernet sauvignon because it has all the best qualities of a full-bodied, fruit-forward red, but with a unique flavor profile that will leave you wanting more. We produce less than two hundred cases of Forget Me Not annually, making it one of our most exclusive bottles.

BEHIND THE NAME

We created this wine in honor of Sylvia, the mother of one of our staff, who was diagnosed with dementia. Just three short years after her diagnosis, she struggles to keep her balance and cannot carry out simple tasks (like pouring her own glass of wine) that most of us take for granted. The long sunset design on this bottle represents the disease's slow, devastating progression. A portion of Forget Me Not sales is donated to causes working to cure Alzheimer's and Dementia-related diseases.

PAIRING

This blend has more flexibility with food pairings than most, but we think it would taste best alongside spaghetti with homemade mushroom marinara sauce.
